### **3. Curriculum intent**

Pupils' learning and development is at the heart of our school's curriculum; it is broad and balanced and exciting and equips pupils with the skills necessary to succeed in life after school.

This curriculum intent statement outlines how the school has created the curriculum and the benefits it will bring to pupils' learning and self-improvement.

#### **Curriculum intent**

The curriculum aims to prepare children in understanding the world around them and prepare them for the next stage of their education. We want our pupils to be both interesting and interested and to have a sound command of basic English and mathematics skills so that they are secondary ready when they move to their secondary school phase of education. By the time learners have left CSM, they will have mastered a range of both skills and factual knowledge through regular requirements to recall and demonstrate them; opportunities to deliberately practise and careful planning for progression and depth. Our curriculum is customised to meet the local needs of our learners.

#### **Implementation:**

Teachers are provided with detailed lesson plans from which they adapt their teaching to meet the needs of the learners in their classes. Importantly PPA sessions focus on discussion of HOW best to teach not WHAT to teach as this is provided as a starting point.

- The unit overview outlines knowledge (including vocabulary) all children must master;
- A cycle of lessons for each subject, which carefully plans for progression and depth;
- Challenge questions for pupils to apply their learning in a philosophical/open manner;
- Trips and visiting experts who will enhance the learning experience;
- A curriculum overview for parents and carers so learners can be supported at home.

#### **Impact:**

We measure the impact of our curriculum through the following methods:

- A reflection on standards achieved against the planned outcomes;
- A celebration of learning for each term which demonstrates progression across the school;
- Tracking of progress in assessment task and tests
- Review pupil responses for the highest achieving pupils in relation to the philosophical/open question provided;
- Pupil discussions about their learning;
- A sample of pupils' learning across the school demonstrating mastery and greater depth of understanding;
- The annual tracking of standards across the curriculum.

**Classroom-based learning:** Accessing different learning resources and equipment to broaden pupils' knowledge, and making cross-curricular links where possible within lesson plans, so that pupils can draw upon knowledge from different subjects and understand how each topic plays a part in everyday life. Classroom teaching also includes one-to-one and small group tuition for pupils who require additional support.

A full list of the subjects available to our pupils can be found in [section 7](#) of this policy.

**Extra-curricular activities:** We provide a variety of free extra-curricular activities for pupils that enhance their learning experience, form personal connections with their peers, and teach skills essential for life after school. Every child will receive a free club each term (reception children access clubs from January in their second term).

#### **4. School ethos and aims**

The overall aims of the curriculum are to:

- Enable all pupils to understand that they are all successful learners.
- Enable pupils to understand the skills and attributes needed to be a successful learner.
- Enable pupils to develop their own personal interests and develop a positive attitude towards learning, so that they enjoy coming to school, and acquire a solid basis for lifelong learning.

## **5. Organisation and planning**

The school's curriculum will be delivered over 185 days and will be delivered equally throughout the school week.

In general, lessons will be separated into three core stages:

- **Introduction to the topic and thinking time** – this is the time where lesson objectives will be set.
- **A main teaching event** – this will vary day-to-day based on the teacher's plan.
- **Plenary** – this will summarise what pupils have learnt in the lesson and will address what will be covered in the next lesson.

Lessons will use a range of teaching techniques to appeal to different learning types, e.g. visual, audio and kinaesthetic.

The different learning techniques include:

- **Using different kinds of questions** to engage pupils and prompt them to apply their knowledge to different examples, e.g. using 'why' and 'how' questions.
- **Opening discussions** around topics so pupils can learn from their peers and learn how to hold conversations with others.

- **Holding structured debates** to expose pupils to different points of view and teach them how to negotiate situations where there is a potential conflict of interest, whilst still respecting others' beliefs.
- **Using assessments** to test pupils' knowledge and consolidate learning; these can be through both informal and formal assessments.
- **Role playing and acting** to develop pupils' empathy and give them the opportunity to explore topics in a more interactive way.
- **Labelling, ordering and identifying** key themes within texts, dialogues and films to help pupils coordinate series' of events.
- **Written and spoken tasks** to encourage different methods of expressing ideas, as well as identifying key differences between writing and speaking conventions.

Teachers will plan lessons which are challenging for all pupils and ensure that there are provisions in place for more academically able pupils, e.g. completing additional work that is above the academic level of their peers.

Teachers will plan lessons to accommodate for pupils of mixed ability, making cross-curricular links where possible.

A full list of subjects covered in school can be found in [section 7](#) of this policy.

Teachers will have due consideration for pupils who require additional help within their planning and organisation of lessons.

Disadvantaged pupils and those with SEND and EAL will receive additional support – this will include dedicated time with TAs and access to specialist resources and equipment where required.

TAs will be deployed within lessons strategically so that they can assist with pupils who require additional help, but are also able to minimise disruptions where necessary.

Pupils with EAL will be given the opportunity to develop their English ability throughout lessons where necessary.

Planning will be used to identify any possible difficulties within the curriculum and will break down barriers to learning. Any difficulties identified will be addressed at the outset of work.

Classrooms will be organised so that pupils have full access to resources and equipment – they will be provided with a rich and varied learning environment that will enable them to develop their skills and abilities.

## **6. Remote learning**

Attendance at school is mandatory for all pupils; however, there may be circumstances where in-person attendance is either not possible or contrary to government guidance.

The school's Remote Education Policy sets out how education will be delivered if pupils cannot attend school in person.

All reporting and assessments will be conducted in line with the school's Primary Assessment Policy.

Pupils with SEND will not be discriminated against in any way and they will have full access to the curriculum.

The progress of pupils with SEND will be monitored by teachers and reported to the SENCO. The SENCO will work closely with teachers to help them break down any barriers pupils with SEND have to education.

The school offers pupils a wide range of extra-curricular trips and activities to enhance their academic learning and personal development.

Extra-curricular trips and activities occur outside school hours and can include overnight stays both in the UK and abroad.

All pupils are able to participate in the activities and trips available. Wherever there is an instance where a pupil cannot participate, the trip or activity will be adapted so that the pupil can take part.

All extra-curricular activities and trips will be planned and executed in accordance with the school's Extended Services Policy

### **13. Monitoring and review**

This policy is reviewed **annually** by the headteacher and the governing board.

Any changes made to this policy will be communicated to all members of staff and relevant stakeholders.
